Stephen John Puthenpurackal

Software Developer
Born 1992 in New York, USA

About me

An Inquisitive Computer Science student, skilled with strong foundations in Mathamathics, Technological Acuity, Creativity, and inferential logic. Committed and Challenge driven, my ambition in life is to apply my skillsets to benet others, whether it be people around me or the corportation that I work for. My Prior occupations do not have any relation to who I am currently due to the change of study and interests during the course of my college career, but shows excellence in the ability to collaborate, communicate, and work with others effiently

Into automation, fabrication, and design. Pushing towards CNC manufactering and robotics.

Skills

HTML5 CSS3 JavaScript

Node.js Angular TypeScript
